Common

Title: West Coast Shipyard
Description: Located on the picturesque banks of the River Zuari in Goa, India and spread over 14,000 square meters of land, West Coast Shipyard (WCS) forms part of the Cabral Group of Companies.

The Shipyard, at its inception in 1986, served as a maintenance yard for barges. In recent times, however, we have expanded its capabilities and infrastructure to encompass not only repairs of a wide gamut of vessels, but also new construction.

Always striving to surge ahead in technical

innovation and
productivity, the shipyard
possesses the capability to
build different types of
marine craft and floating
structures of steel ranging
from fishing trawlers, tugs
dredgers, passenger
launches, catamarans,
ferry boats, leisure craft,
jack-up platforms, mini
bulk carriers and
pontoons.
