### Common

Title: Containerships Ltd. oy - Terminal and warehousing services

Description: Containerships is a growing company, always on the look out for new talents and forces. The transportation of goods in containers built to standardized dimensions that can be loaded and unloaded, stacked and transported efficiently over long distances, and transferred from one mode of transport to another has led to greatly reduced transport costs and a vast increase in international trading. True to its name, CONTAINERSHIPS specializes in container transport and operates its

own fleet of seagoing  
vessels throughout Europe  
and within the  
Mediterranean.
